

CustomVue LASIK and iLASIK
Available at BONNER EYE CLINIC

CustomVue LASIK is offered locally to all Steelworkers by Dr. Timothy C. Bonner and Dr. Jerry Mariano from the Bonner Eye Clinic at a price of ****2800.00**** for LASIK with the Microkeratome or ****3950.00**** for iLASIK using Intralase Technology.

Included in the price is:

- 1) *Pre-examination screening*
- 2) Eye examination
- 3) *CustomVue LASIK* for both eyes
- 4) One year follow up care

Dr. Bonner has been practicing ophthalmology in Grand Rapids since 1987 when he joined his father, Dr. John L. Bonner, in practice. Dr. Mariano joined the Bonner Eye Clinic in 2001 and has specialized training in glaucoma. Both doctors routinely see patients in Grand Rapids and Hibbing. Drs. Bonner and Mariano have performed over 5,000 refractive procedures during their careers.

CustomVue LASIK is the first Lasik procedure where you can achieve better vision than you can with glasses or contacts. At Bonner Eye Clinic, all LASIK procedures are done using the latest technology including **iLASIK** with the **Visx Star S4 laser with Iris Registration and the Intralase Femtosecond Laser**. We also use the latest Custom refracting technology, the **WaveScan auto-refractor**, which is 25 times more accurate than conventional refractors.

Without having to leave the immediate area, pre-screening exams and eye exams can be done locally either in the Hibbing or Grand Rapids office.

Please call for your individual screening to see if you are a candidate!

*Must have pre-screening exam before LASIK eye exam *

**A 2% MN Care tax of 2% will be added to the price. **
